

## Online EMT-Basic Payment Plan

RC Health Services offers a convenient and flexible payment plan for those who do not wish to pay for the course in full. The total cost of tuition for the payment plan is \$1499 (see page 2 for a cost breakdown).

The student will make an initial down payment of \$700 with their application and a color copy/scan of their photo ID. This down payment secures their spot in the course.

Following the initial \$700 down payment, the student has two payment plan options: four (4) payments of \$199.75 every month until tuition is paid in full, or three (3) payments of \$266.73 every month until tuition is paid in full.

### **Example:**

The student enrolls on the 27<sup>th</sup> of March with the down payment of \$700. The student's access code is issued and they may begin the course. The student's payments will be due monthly following their start date.

The student is able to make payments online, over the phone, or in person by cash, check, or by money order.

***Each student must have their balance paid in full prior to sitting for the Final Exam—even if this occurs prior to their final payment.***
